Computer Network Support Specialist (Service Desk Support Service Specialist) – Associate

Rock Island, IL, 61201

Description

Computer Network Support Specialist (Service Desk Support Service Specialist) – Associate

Security Clearance Requirement: Current and Active DoD Secret

Salary Range: $55K – $65K

(The salary range provided is a general guideline. Nexagen Networks considers various factors when determining base salary offers, including the scope and responsibilities of the position, as well as the candidate's experience, education, skills, and current market conditions.)

As a Computer Network Support Specialist, you will join a high-performing team dedicated to excellence, innovation, and mission-critical IT support operations. At Nexagen, you will play a key role in supporting enterprise network systems and ensuring reliable service delivery for critical communications infrastructure. With outstanding benefits and strong growth opportunities, you will thrive in a collaborative and fast-paced environment.

Nexagen Networks is a trusted partner to the Department of Defense (DoD) and other federal agencies, including the Army, Air Force, Marine Corps, Navy, and DHS. With more than 20 years of industry expertise, we deliver exceptional lifecycle professional services spanning Research and Development, Cloud Engineering, Digital Modernization, Systems and Software Engineering, DevSecOps, ITSM, Cybersecurity, Satellite Communication (SATCOM), RMF-FedRAMP, Logistics, Training, Exercises, COMSEC, and IT/Networking.

Job Description

Nexagen Networks is seeking a skilled Computer Network Support Specialist to analyze, test, troubleshoot, and evaluate network systems, including local area networks (LAN), wide area networks (WAN), cloud environments, servers, and data communications systems. The role involves performing network maintenance to ensure systems operate efficiently with minimal interruptions.

This position provides direct support to end-users for applications, hardware, and network-related issues. The specialist will interact with network services, systems engineering, and applications development teams to restore service and resolve core technical problems. Responsibilities include simulating or recreating user-reported issues, identifying root causes,

and recommending system modifications to prevent recurring problems. More complex issues will be escalated to intermediate or senior-level personnel as needed.

Position Responsibilities

• Support 24/7 SATCOM monitoring and ensure continuous availability of satellite communication networks by proactively identifying and resolving system issues.
• Log, track, and resolve technical incidents using HEAT ticketing (Ivanti IT Service Management) to maintain service performance standards.
• Provide multi-channel support via phone and email, delivering timely troubleshooting and resolution for SATCOM-related issues.
• Deliver advanced technical support and detailed troubleshooting for complex SATCOM platforms and systems.
• Monitor system performance and proactively identify risks or failures within the SATCOM infrastructure.
• Collaborate with cross-functional teams to improve processes, enhance service delivery, and maintain operational excellence.

Qualifications

• Bachelor's degree with less than 5 years of experience
• OR Associate degree or 2 years of technical school with 2+ years of experience
• OR 4+ years of IT or military experience in lieu of a degree
• Active DoD Secret security clearance is required
• Security+ Certification is required
• Position available 45 days after acceptance of the offer letter

Company Benefits

At Nexagen, we believe in taking care of our team from day one! Enjoy comprehensive benefits including health, dental, and vision insurance, generous paid time off, a matching 401(k), and various support programs. We also offer professional development opportunities and additional perks to ensure you thrive both personally and professionally. Join us and experience the difference with benefits that start on your first day!

Safety Specialist
$55,036.80.
Moline, IL

Description

The **Safety Specialist** plays a critical front-line role in keeping children safe at home. Working within the Safe@Home model, this position provides intensive, in-home safety services to families involved with the Illinois Department of Children and Family Services (DCFS). These are families where children face impending danger but can remain safely in the home under a structured safety plan.

As the lead for day-to-day safety service delivery, the **Safety Specialist** takes direct ownership of developing, coordinating, and continuously monitoring individualized impending danger plans. This work requires sound professional judgment, specialized training, and a strong collaborative relationship with DCFS Child Protection Specialists and Intact Family Services staff.

The goal of every engagement is fourfold: keep children safe, prevent unnecessary out-of-home placement, stabilize families, and facilitate reunification when the time is right.

Safety Specialist job duties:

1. Impending Danger Plan Implementation & Management

- Implement and manage individualized impending danger plans within the home environment.
- Maintain frequent, consistent in-home contact with caregivers, children, and safety service providers, including availability during evening and weekend hours.
- Provide ongoing oversight of all safety services, monitoring caregiver-child interactions, home conditions, and family dynamics to ensure child safety is consistently maintained.
- Support caregivers in stress reduction and behavior modification.
- Must be willing and able to enter and work within high-risk home environments.

2. Resource Coordination & Support

- Identify, engage, and coordinate family network support and community resources.

- Connect families to resources for housing, food, transportation, employment, and healthcare, and ensure those resources are effectively utilized to support safety plan success.
- Arrange and support logistics including transportation, visitation, appointments, and service access.

3. Collaboration & Oversight

- Work closely with DCFS and private agency staff to ensure proper execution of impending danger plans.
- Provide real-time updates on safety concerns, compliance, and plan effectiveness.
- Participate in case staffing, planning meetings, and ongoing communication with all involved parties.

4. Behavioral & Crisis Intervention

- Provide direct behavioral management support, including coaching of caregiver-child interactions and implementation of de-escalation and stress-reduction strategies.
- Intervene in crisis situations to stabilize the home and maintain safety.
- Proactively put services in place to prevent crises before they occur.

5. Family Engagement & Support

- Build supportive, professional relationships with families to reduce isolation and foster trust.
- Provide hands-on parenting support, mentoring, and guidance related to household management and coping skills.
- Coordinate respite care, temporary caregiving arrangements, or structured separation when required for safety.

6. Documentation & Reporting

- Maintain accurate, timely, and detailed documentation of all services and observations.
- Track safety plan compliance and outcomes.
- Report concerns to DCFS and supervisory staff immediately.

Requirements

The **Safety Specialist** shall have:

1. A bachelor's degree in social work, human services, psychology, or related field required.
2. Relevant experience in child welfare, case management, family services, or crisis intervention; experience working with high-risk families preferred.
3. The ability to work effectively in high-stress, safety-sensitive situations involving child safety concerns.
4. The ability to provide own transportation in performing job requirements, including a valid driver's license and acceptable insurance coverage.
5. The ability to meet the eligibility requirements for the Safety Specialist position as assigned by the contracting state department of Iowa or Illinois.
6. The ability to work a flexible schedule, including evenings, nights, and weekends, based on family needs.

7. Sensitivity and responsiveness to cultural differences in the community.
8. The ability to effectively communicate orally and in writing and meet all reporting requirements.
9. Commitment to the agency's vision, mission, philosophy, structure, and goals with an ability to work as part of a treatment team.
10. The ability to lift thirty (30) pounds and climb stairs.
11. The ability to carry car seats to and from the office and children's home.
12. The ability to physically attend to young children and infants.
13. The ability to fulfill all of the regulatory requirements for employees of Child Welfare Agencies as are prescribed in Illinois Administrative Rule and Procedure, including successfully completing the background check investigation clearances from the Sex Offender Registry, SACWIS, Illinois State Police, FBI, and Federal Office of the Inspector General as well as certification as a driver of children by the Illinois DCFS.

Ready to Make a Difference?

We can't wait to meet you! Apply today and become part of a team that's all about supporting each other, growing together, and making a positive impact in our community. Bethany values those with lived experience and encourages former foster youth, people in recovery, and those with lived experience of housing instability to apply.

Equal Opportunity Employer
Bethany for Children & Families, as an Equal Opportunity Employer, is committed to providing equal employment opportunity for all persons regardless of race, color, gender, gender identification, marital status, sexual orientation, sexual preference, citizenship status, national origin, religion, age, disability, veteran status, or any other protected characteristic defined by law. We welcome applicants of all backgrounds and identities who share our commitment to keeping children safe, strengthening families, and building healthy communities.
