<b>CLASSIFICATION (If applicable):</b>	Real Estate Specialist I– Grade 17

**SUMMARY:** Works proactively under general guidance of the Chief County Assessor or Chief Deputy in the County Assessor’s Department. Under general supervision performs advanced, specialized clerical work that includes, but is not limited to: general office work and related tasks specific to Chief Assessor’s Department. The employee receives continuing or individual assignments as may be needed by the supervisor who defines objectives that do not have precedents.

## **ESEENTIAL JOB FUNCTIONS:**

- Must be capable of regular and predictable attendance at a specified location in order to perform assigned tasks.
- Performs general office clerical duties including, but not limited to:
  - Responds to public inquiries at designated counters, by telephone or written correspondence; explains department policies and procedures.
  - Prepares complex letters, charts, reports, memoranda; proofreads typed material; maintains accurate and current records on manual and computer systems.
- Handles a great volume of complex work; resolves problems; and works within specialized knowledge of the department;
- Maintains record keeping systems including, but not limited to:
  - Property ownership records, Homestead Exemption records, Non-homestead exemption records, Property Sales history.
- Each Rock Island County employee is responsible to engage in periodic activities that include, but are not limited to: (a) County-wide risk management/safety training session, and (b) departmental educational training, and/or (c) evaluation/physical improvement of departmental physical assets that prevents, reduces, or corrects safety hazards

## **REQUIRED KNOWLEDGE, SKILLS, AND ABILITIES:**

### **Ability to:**

- Maintain effective working relationships with other employees and the public.
- Communicate with, and respond pleasantly to, a demanding and diverse public, and obtain and/or convey necessary information with the public and other employees.
- Recommend and/or initiate corrective action within established guidelines.
- Prioritize work tasks.
- Meet deadlines.

- Follow oral and written instructions

**Knowledge of:**

- General knowledge of local, State, and Federal laws and regulations, including Illinois Property Tax Code
- Required formatting guidelines for the preparation of official documents and resolutions.
- Legal and administrative terminology and procedures.
- Computer applications.
- Policies and procedures of department.
- Business letter writing, spelling and basic arithmetic.

**Skills:**

- Must be able to communicate with the public and other employees in a professional manner, and obtain and/or convey necessary information in a tactful and diplomatic manner under difficult conditions.
- Possess a moderate level of computer skills including Microsoft Word and Excel, and related property assessment systems.
- Must be able to operate complex copier/scanner/fax machine.
- Must be able to prepare clear and concise reports.
- Critical thinking using logic and analysis to evaluate options to various situations, including the absorption and understanding of a variety of information regarding the utilization of assessment techniques and requirements. .
- Must be able to make personal adjustments as necessitated by work assignments, job pressures, and demands

**MINIMUM QUALIFICATION REQUIREMENTS:**

**Education:**

- High school diploma, GED or other certificate of competency required.

**Experience:**

- Two (2) years of clerical or office work experience involving general clerical work, supplemented with one (1) year experience in principals of real estate assessment, or an equivalent combination of training and experience preferred.

This description is intended to indicate the kinds of tasks and levels of work difficulty required of the position given this title and shall not be construed as declaring what the specific duties and responsibilities of any particular position shall be. It is not intended to limit or in any way modify the right of management to assign, direct, and control the work of employees under supervision. The listing of duties and responsibilities shall not be held to exclude other duties not mentioned that are of similar kind or level of difficulty.

## Signal Apprentice

**BNSF Railway**

**Moline, IL, 61265**

**Job Location:** Moline

**Other Potential Locations:** Moline, IL

**Anticipated Start Date:** 05/04/2026

**Number of Positions:** 1

**Salary Range:** Entry rate is approx. \$36.44/hr; avg annual pay 85K-95K with 3-5 years seniority.

Apply early as this job may be removed or filled prior to the closing date, which is approximately seven (7) days after the posting date.

Embark on a fulfilling career at BNSF Railway, where joining our **Engineering Department** means contributing to the backbone of our nation's rail infrastructure. The **Signal Apprentice** is an apprenticeship for the positions of Signalman, Signal Maintainer and/or Shop Signalman.

**This is a full-time (40hrs/wk) position** that is subject to on-call (24/7), overtime, nights, alternating shifts, weekends, and holidays. Shifts may vary (5 – 8/hr days followed by 2 days off; 4 – 10/hr days followed by 3 days off; 8 – 10/hr days followed by 6 days off).

**Travel is required** up to 90% outside of the headquarter location on and off the seniority district. Travel may also be required to (and remain at) job sites for extended periods, sometimes for days or weeks at a time, in the designated seniority region. Travel costs will be covered according to the collective bargaining agreement when traveling outside of the seniority district.

**Training** for this position is company-paid on-the-job and classroom training and will include travel to the BNSF Training Center. Successful candidates will enter an apprenticeship program, pass progressive exams, and demonstrate field proficiency. Pay rates will increase with each completed step of qualification.

*Key responsibilities may include:*

**Performing** construction, reconditioning, installation, maintenance, repair, inspection, and testing of wayside signal devices.

**Loading and unloading** supplies, installing underground and overhead cables including trenching and hand digging, and working around or operating heavy machinery.

**Working** on or around highway grade crossings, climbing signal masts, bridges, and ladders, and handling cables and wires for electrical connections.

**Using various power and non-power tools**, including shovels, picks, axes, sledgehammers, micrometers, voltmeters, amp meters, computer-based systems, screwdrivers, wrenches, pliers, tape measures, drills, and power saws.

**Operating** equipment (backhoes, trenchers, boom trucks, and directional boring machines).

**Daily work is conducted in a safety sensitive environment** where the working conditions can **include diverse and extreme weather conditions (hot, cold, rain, snow, and sleet)**, walking and performing work on uneven surfaces, working around loud noises, fumes, and heavy/moving machinery.

**BNSF prioritizes safety** as a core value of how we do business. Our employees engage in daily safety conversations to achieve our vision. In addition, they must adhere to safety regulations, rules, and policies, including wearing safety equipment, responding to concerns, and taking action in emergencies.

There is a 90-day probationary period and relocation assistance is not available.

*The duties and responsibilities in this posting are representative categories to be used in deciding whether to apply for this position. This is not an exhaustive list of the position's duties.*

At BNSF Railway, we encourage individuals from all backgrounds to apply, showcasing their skills, experiences and development. We provide resources and tools to help you reach your full potential, fostering a supportive and inclusive environment.

### **Basic Qualifications:**

- Able to work now and in the future without BNSF's assistance (whether monetary, through sponsorship, or otherwise) in obtaining, maintaining, or extending employment authorization (including H-1B, STEM OPT/CPT, or TN nonimmigrant status).
- At least 18 years of age or will be by the anticipated start date listed above.
- Possess a valid state-issued driver's license.
- Ability to report for duty at the designated work location.
- Ability to travel for extended periods of time (Fly, Drive, or Ride).
- Able to work safely in the above working conditions.
- Able to work the above shift/hours.
- Able to meet the above travel requirements.
- Able to read, write and communicate (speak, hear, and understand) English language.
- Able to lift and carry up to 60 lbs occasionally and 15 to 30lbs frequently
- Able to visually distinguish colors - red, blue, green, yellow, and lunar (clear light)
- Ability to discriminate and differentiate between verbal and non-verbal sounds (signals, alarms, etc.) in the work environment.

- Able to use hands and hand tools to perform activities involving holding, grasping, turning, pushing, and pulling.
- Frequently climb ladders; get on/off equipment; climb signal poles/ platforms to perform installations and maintenance.
- Bend, walk, stand, or sit for periods of time
- Learn, comprehend, and follow safety policies and procedures; wear the required personal protective equipment.
- Ability to perform work on various terrain types (Uneven, Snow, Mud, Rock, sand, etc).

**Union** membership is with the Brotherhood of Railroad Signalmen and union dues are required per union agreement. Signal positions are based on seniority and collective bargaining agreements.

**Seniority district transfers** are handled per union agreement, are seniority based and are permitted once during apprenticeship period with seniority forfeited upon transfer.

NESPRESSO

**PURINA**  
Your Pet, Our Passion.

**Nestlé**  
HealthScience

**cpw**  
Cereal Partners Worldwide  
Nestlé and General Mills

## Production Operator

### Nestlé Purina

### Davenport, IA

#### Position Summary

Located in North America's wind belt, Davenport is at the forefront of renewable energy technology and has remained home to our largest manufacturing facility since 1927. Originally producing cereal, the factory became a pet food-only manufacturer in the late '90's and as the largest pet food manufacturing facility in the U.S., it carefully produces, packages and ships several varieties of our Dog Chow®, Puppy Chow®, Alpo®, Beneful®, Nestlé Purina ONE®, Cat Chow®, Kitten Chow®, Friskies® and Kit N Kaboodle® brands.

We're a "safety first" culture driven by a zero defect and zero waste mentality set out to enrich the lives of pets everywhere. As a leading pet food manufacturer, we carry on the legacy of our Founder who led us to reshape the larger pet care category. Over 120 years in existence, we've grown our passionate Nestlé Purina Family as we've grown the breadth of our business. Your needs are our responsibility—job security, benefits, safety, and career growth. But, we leave it up to you to shape our future and your career aspirations.

- May train on and be placed into any production job at the factory including Operator Process, Operator Relief and Operator Line.
- Effectively troubleshoot equipment, process, or product problems.
- Maintain knowledge of lean manufacturing concepts, 5S practices and continuous improvement operations.
- Be able to operate or learn to operate a fork lift truck.
- Conduct general sanitation activities including being trained in emptying hoppers and baler.
- Have the ability to run reports and manage data using computer-based technology.
- **Must be open to working any shift, including 2nd, 3rd, and weekend shifts.**

**Requirements**

- High school diploma or GED equivalent
- 1+ years of experience in a fast-paced environment

The approximate hourly pay for this position is \$24.91 per hour for Production Operator. Please note that the pay range provided is a good faith estimate for the position at the time of posting. Final compensation may vary based on factors including, but not limited to, knowledge, skills, and abilities as well as geographic location.

## **Assembler**

### **Sears Seating**

### **Davenport, IA**

#### **Position Summary**

The Team Assembler is responsible for assembling components, subassemblies, or finished products according to standard work instructions, quality requirements, and safety guidelines. This role works as part of a production team in a fast-paced manufacturing environment, ensuring products meet customer specifications and production goals.

#### **Key Responsibilities**

- Assemble parts and components using hand tools, power tools, fixtures, and equipment according to work instructions.
- Follow standardized processes, work orders, and engineering specifications to ensure consistent product quality.
- Perform visual inspections of parts and finished goods to identify defects or deviations.
- Meet daily production targets for quality, efficiency, and safety.
- Communicate issues related to materials, equipment, or processes to the Supervisor.
- Maintain a clean, organized, and safe work area following 5S and safety guidelines.
- Use basic computer systems or scanners to record work completed or move inventory, as required.
- Participate in continuous improvement activities such as process improvement discussions.
- Rotate across multiple workstations as required to meet production needs.
- Follow all safety policies, including proper PPE usage, machine guarding, and safe lifting practices.

#### **Required Skills & Qualifications**

- Ability to read and understand standard work instructions, diagrams, or basic blueprints.
- Strong attention to detail, accuracy, and quality.
- Good hand-eye coordination and manual dexterity.
- Ability to work both independently and as part of a team.
- Basic computer skills for entering production data or navigating simple systems (e.g., barcoding, D365/ERP basics).
- Ability to stand, walk, and/or lift up to specified weight amounts for the duration of the shift.

**Preferred Qualifications**

- Prior experience in a manufacturing or assembly environment.
- Experience using basic hand tools, mechanical equipment, or measurement devices.
- Familiarity with lean manufacturing practices or continuous improvement systems such as 5S.

**Working Conditions**

- Fast-paced manufacturing environment with exposure to noise, moving machinery, and temperature variations.
- Requires frequent standing, bending, reaching, grasping, and lifting.
- Will require overtime, weekend work, or shift changes based on production needs.

**Core Competencies**

- Quality Focus – Produces work that meets or exceeds standards.
- Teamwork – Communicates effectively and supports team goals.
- Adaptability – Adjusts to changes in schedule, work assignments, and priorities.
- Reliability – Consistently meets attendance and performance expectations.
- Safety Awareness – Follows safety protocols and reports hazards immediately.

## Learn How to Learn: Join Our Metacognitive Learning Workshop

Ever feel like you're putting in the study hours but not getting the results you want? The problem usually isn't effort—it's strategy.

That's where **metacognition** comes in. Metacognition simply means *thinking about how you think*. When you understand how your brain learns, you can study smarter, catch confusion earlier, and choose techniques that actually work.

Our **Metacognitive Learning Workshop** is an interactive session designed to help students take control of their learning—now and in future classes. Instead of memorizing harder, you'll learn how to learn better.

**Learn How to Learn:**  
**Metacognitive Learning Workshop**

Previewing  
Active Reading  
Paraphrasing  
Note-Taking & Listening  
Teach It Out Loud

**Study Smarter, Remember Longer!**

Understand Better | Retain More | Study Efficiently | Boost Confidence | Reduce Stress

### What You'll Learn

This workshop introduces practical, research-backed strategies you can use right away:

- **Previewing**  
Learn how to quickly scan readings and assignments so your brain is primed before you dive in.
- **Active Reading**  
Move beyond highlighting by learning how to ask the right questions, identify key ideas, and use learning objectives to stay engaged.

- **Paraphrasing**  
Practice putting information into your own words to check understanding—and make it stick longer.
- **Active Listening & Note-Taking**  
Learn how to listen for what matters most and take notes that actually help when it's time to study.
- **Teach It Out Loud**  
Discover why explaining material out loud—alone or with others—is one of the fastest ways to master it.

### Why Metacognitive Skills Matter

Students who use metacognitive strategies tend to:

- Understand material more deeply
- Remember information longer
- Study more efficiently
- Feel more confident in class
- Reduce stress and last-minute cramming

These skills don't just help with one exam or one class—they help you build lifelong learning habits that pay off again and again.

If you're ready to stop guessing how to study and start learning with intention, this workshop is for you. Bring your curiosity—your brain will do the rest.
